Lifestyle

The Pope is asking us to care for the world in which we live. The poor and the earth are crying out. Please keep striving to make impactful changes in your lifestyle. Maybe the challenges have been easy or something you have always done. But for some, these changes are difficult, don’t lose heart. Patience and peace make lifestyle changes possible. Encourage us in our struggle—Amen

We are encouraged to try and make some lifestyle changes, which will mean that we will alter our behaviors. It is very difficult to make sweeping changes overnight. So please consider one small, pretty easy change. Turn off the water when you brush your teeth. Instead of letting the water stream while you brush. If we can start with this small subtle change, in time we can move forward toward more impactful changes. Encourage your family and friends, be inspiring!
