Youth Group News—Last Sunday, February 7th we had 17 teens for the Pre-Game Super Bowl Party. It was nice to have such a great turnout of kids! Also on Friday night our youth minister Steve Biro and some of our teens joined together with St. Cyprian’s Church in Perry for an over-night “lock-in”. Thanks to St. Cyprian’s Church for organizing and hosting that event. Interested in joining youth group or becoming involved as a volunteer? Contact steve@stafh.org or the parish office for more information.

Congratulations to our new council member Emily Siebert! Please pray for Emily and our entire Parish Council and Staff as we discern ways to continue growing as a parish community in the future.

Mark your calendars for our Lenten Family Night on Sunday, February 28th beginning at 6:00pm. During the family night Fr. Peter will be offering a presentation on “The History of the Stations of the Cross” for the adult piece while our children learn about the Stations with their teachers. The evening will conclude with our teens presenting Shadow Stations. It is sure to be a wonderful evening. All are welcome whether you are a family of 1 or 10!

How can we have lasting and sustainable happiness? We need heroic Catholicism. We need saints! The world doesn’t need another John Paul II or Mother Teresa. The world needs you. Are you ready to find meaning in your everyday ordinary life? Tickets are available at www.dynamiccatholic.com/events or you can call Debbie at 440-259-1867. The event is being held at St. Gabe's on March 12th from 9-1:30PM

St. Anthony’s Eco-Commission!

- Styrofoam recycling—Polystyrene foam, commonly known as Styrofoam, is a material that is often discarded in the trash since most recycling centers do not accept it. Because it is so lightweight, it takes up 0.01 percent of the total municipal solid waste stream by weight, however it's volume is a greater problem. It takes up space in landfills and doesn't biodegrade for hundreds of years. It should also not be burned, as it gives off harmful carbon monoxide. Recycled foam can be reprocessed into building insulation, plastic lumber, craft projects and many other uses. To that end, as a Lenten project, the Eco-Commission will be collecting Styrofoam in collection boxes placed at both entrances to the sanctuary. Please bring your waste Styrofoam and deposit it at these collection locations and we will transport it to a local recycling center that collects this material. We will accept styrofoam used as packaging materials. No food or drink containers please.
