St. Anthony’s Eco-Commission!

Water, have you thought about it lately? Pope Francis talks to us about everyone’s right to clean water. We are so fortunate to have clean, safe water to drink. Water is so necessary for our daily life. Drinking, cooking, bathing, cleaning—how often during the day do we turn on the faucet and expect the water to pour out? I can’t even imagine the inconvenience of not having water at my fingertips. Can you? Yet, it is reality for millions of people. Let’s open our eyes to this important gift that we are so blessed to have. Maybe for just one day, keep a count of how many times you turn the faucet on. I am sure we would all be surprised at how much water we use each day. As Pope Francis has reminded us, this resource is not unlimited. We could one day turn on that faucet and not have the water pour out. Or the water could be unclean and undrinkable. What do we do then?
