We could use your help!!! We received a generous donation of new desks for our PSR teachers in the classrooms We will be replacing the old teacher’s desks in each of the classroom next Sunday, October 2nd after PSR at noon. We could use your help, as these desks are extremely heavy and we need as many hands as possible to move out the old to the garage and move in the new desks to the classrooms. If your interested one of the old desks, they will be available for a donation of $20. Thank you in advance!!

Congratulations Katie & Drew Nicholson who were married here this weekend

RECYCLING HERE AT ST. ANTHONY’S

Aluminum collection continues at the south end of the parking lot next to the garage. Please place rinsed cans in the bin. Old aluminum siding is also accepted. The collection of styrofoam (eps 6), which began during Lent, is back by popular demand. A collection box is located in the school building hallway. The styrofoam is taken to 'Buckeye Industries' in Madison where it is condensed into bricks of compressed material. Those are recycled into building insulation and many other useful products. Please do not bring in items contaminated with food or beverage, i.e, meat trays, take out containers. These should be disposed of in your trash.
