St. Anthony’s Eco-Commission

For many this was a wonderful growing season! St. Anthony’s garden has produced an unbelievable amount of tomatoes (from the plants sold at the beginning of the year by our Youth Group and Eco-Commission). We have gotten spoiled with a bowl of fresh tomatoes and peppers on the table each day. As the end of the harvest season is upon us many have been processing the fruits (and vegetables) from their gardens for the fall and winter months. There are many ways to preserve your harvest—freezing, drying, and canning. Our Eco-Commission would like to host a “canning” demonstration in November. This “make & take” session will be to make Thanksgiving Cranberry Sauce! The date & time for the session is pending depending on community interest. If you would be interested in an events such as this, please email us at office@stafh.org
