**St. Anthony’s Eco-Commission Lifestyle**

Have you ever considered making your own cleaning products? The web has many easy recipes. An easy bathroom/glass cleaner is just white vinegar and a small amount of rubbing alcohol. It works great and the vinegar smell goes away quickly. Laundry soap is another easy product you can make. Not only do you get an enormous amount of product, it costs just pennies per load. But, the best part is that you know what is in these cleaning supplies, it is safe for the environment and it saves you money! Hope you will give it a try.
