Do you know where your money goes? Do you eat out more than once or twice a week? Eating out can kill a budget, cooking makes good financial sense. The food is usually much better also. You have control of quality, quantity, and cleanliness. If you are not a good cook, learn. It really isn’t difficult to cook basic healthy food. There is nothing wrong with simple, recognizable comfort foods. Have you ever made real French fries yourself, from real potatoes? Delicious, and cheap. Homemade bread is very easy and the smell will bring everyone to the kitchen. It’s cheap and filling too. The library has many wonderful cookbooks, and you tube has great teachable videos. You may even have a future chef in the house.
