Disposing of Pharmaceuticals

This program allows residents to dispose of controlled substances in order to reduce confusion and abuse. All drugs collected in the collection bin at the Lake County Sheriff Office and at some local Police Departments are destroyed safely by incineration. Items collected include: unused and expired medications, syrups, creams, pain relievers, cold/flu medications, vitamins, pet medications. These items should be disposed of properly, not at home by flushing them down the drain where they could harm the environment.
