The Diocese of Cleveland will mark Respect Life Sunday with a special Mass for those who have suffered miscarriage, infertility or neo-natal death at 5:30pm on Sunday, October 7 at the Cathedral of St. John the Evangelist, East 9th Street and Superior Ave., in Cleveland. The Most Reverend Nelson J. Perez, bishop of the Diocese of Cleveland, will be the main celebrant. In reflecting on the problematic events at fertility clinics earlier this year, the diocese is offering this special Mass for those who suffer the silent sorrow of having experienced infertility, miscarriage or neo-natal death. All are welcome. May the God of all comfort and compassion provide strength & hope for those who grieve.

Electronic giving is available on our website www.stafh.org. The total online giving collection for Sept 16th was $939. Thank you!

This week’s featured Saint — St. Vincent de Paul

17th century

Vincent was the son of a poor French farmer. He became a priest at age 19. He was captured by pirates and sold as a slave in Tunisia, but after two years managed to escape. Returning to Paris, he became a court chaplain. He used his contacts with the French royal family and the nobility to reform and revitalize the Church. He was able to improve the lot of the convicts who were sentenced to death. He worked with country priests and improved the system of their education. He also directed lay people in organized charitable works. In 1633 he helped Louise de Marillac found the Sisters of Charity. We know him best by the Organization that bears his name: The St. Vincent de Paul Society founded in 1833. He once said “We should spend as much time thanking God for His benefits as we do asking for them.”

Common Recycling Mistakes: Plastic Food Cups

Since China banned used plastics this year, many municipalities in the U.S. no longer accept plastics numbered 3 to 7. This usually includes things like yogurt cups, butter tubs, vegetable oil bottles, etc. Look at the bottom of a container for a number inside of a triangle to see what type it is. Again, check with your local recycling community to see if any between 3 and 7 are acceptable.
