

# St. Anthony of Padua Parish

May the Light of Faith shine forth from our parish as a beacon to guide our community to the Lord. When life seems difficult and troublesome, may our faith offer us security and strength. When we come together to celebrate God's gifts may the Holy Spirit fill us with joy.

— **This week's featured Saint** —  
**St. Hilary of Poitiers**

Bishop and Doctor of the Church - 315-367 AD

Hilary was one of the most respected theologians of his time. He was converted through his study of the Scriptures. He was a married layman who was elected bishop of Poitiers in the year 350. For 18 years he strongly defended the divinity of Christ against groups like the Arians who were challenging the concept.

The Arians were as much a political as a theological problem for the Church. Hilary faced and embraced exile by the political leaders who favored Arianism because of the stance that he took.

Hilary was acknowledged as a leader among the western bishops who greatly respected him and his wife. He prayed in words and in his actions for an understanding of the Scriptures and for reverence and openness to its truth. He prayed for the ability to express what he believed and was obviously given the grace to do it well.

*Things you can do  
about Climate change*

Taking care of the environment is important for all of us, but especially for our children and grandchildren. Perhaps we can raise little ones who eat less meat or are vegetarians, can live in the real climate and will know how to use public transportation, sounds like survival skills for the 21st Century.
